Communications graduate with hands-on experience in music industry audience analysis, and data-informed decision making, as well as collegiate youth programming leadership. Background in streaming analytics, fanbase psychographics, and translating data into clear strategic recommendations. Comfortable working across genres and audience profiles in fast-paced, independent environments.

Relevant Coursework

Consumer Behavior in a Digital World

- Analyzed how users interact with digital platforms, with a focus on motivation, attention, online decision-making, and audience segmentation.
- Completed projects mapping user journeys and identifying friction points in digital experiences.

Data Communication & Splicing

- Developed skills in cleaning, interpreting, and transforming data for clear communication.
- Built reports that translated complex datasets into actionable insights using visual storytelling and audience-focused framing

Experience

01/2026 – 04/2026

BASH Entertainment — *Audience Analytics Consultant*

- Analyzed streaming data and fanbase demographics across multiple independent artists to identify optimal tour markets, using hub and spoke theory and comparable artist trends to project high-probability cities beyond confirmed streaming data.
- Built audience psychographic profiles: age, gender, ethnicity, platform behavior, and brand affinity to inform merchandising direction and marketing strategy for label executives.
- Identified growth opportunities in emerging and underserved markets by cross-referencing Spotify listener data, Chartmetric audience segmentation, and social media engagement signals.
- Delivered findings in presentation form analyses designed for executive review, translating complex audience data into clear, actionable recommendations around touring, branding, and partnerships.
- Produced market analyses for multiple artists across genres including rap, R&B, indie pop, and comedy, demonstrating range across different audience profiles and strategic contexts.

09/2021 – 08/2025

Camp Kesem at Univ. Oregon and UC Santa Barbara — *Director, Coordinator, Counselor*

- Led and coordinated programming for week-long camps serving 60+ children and families, adapting activities based on engagement, emotional needs, and group dynamics.

- Managed a 20-person team, improving communication workflows and day-to-day operations in fast-paced, high-responsibility environments.
- Planned large-scale schedules and activities, adjusting programming in real time based on participant feedback and observed engagement patterns.
- Fundraised \$130,000+ by analyzing which outreach strategies drove the highest engagement and donations.
- Served as a key communication link between families, volunteers, and partner organizations to ensure alignment and positive user experience.

Education

09/2023 - 09/2025

University of California, Santa Barbara — *B.A. Communications, Minor Spanish, GPA: 3.7*

Awards

UCSB Senior Individual Co-Curricular Award - Student Engagement & Leadership, UCSB
Recognized for outstanding leadership and contributions to campus community life.
