

Sylvan Quady

sylvanquady-jpg.github.io

Communications graduate with hands-on experience in music industry audience analysis, data-informed decision making, as well as collegiate youth programming leadership. Background in streaming analytics, fanbase psychographics, and translating data into clear strategic recommendations. Completed six analyses across rap, R&B, indie pop, and comedy for an L.A.-based entertainment and management company. Comfortable working across genres and audience profiles.

Tools & Skills

Tools: Chartmetric, Spotify for Artists, Excel, Google Workplace

Skills: Streaming market analysis, psychographic profiling, tour strategy, market projection, data storytelling

Experience

01/2026 – 04/2026

BASH Entertainment — *Audience Analytics Consultant*

- Analyzed streaming data and fanbase demographics across multiple independent artists to identify optimal tour markets, using hub and spoke theory and comparable artist trends to project high-probability cities beyond confirmed streaming data.
- Built audience psychographic profiles: age, gender, ethnicity, platform behavior, and brand affinity to inform merchandising direction and marketing strategy for label executives.
- Identified growth opportunities in emerging and underserved markets by cross-referencing Spotify listener data, Chartmetric audience segmentation, and social media engagement signals.
- Delivered findings in presentation form, analyses designed for executive review, translating complex audience data into clear, actionable recommendations around touring, branding, and partnerships.
- Completed six market analyses for artists across rap, R&B, indie pop, and comedy

09/2021 – 08/2025

Camp Kesem at Univ. Oregon and UC Santa Barbara — *Director, Coordinator, Counselor*

- Led and coordinated programming for week-long camps serving 60+ children and families, adapting activities based on engagement, emotional needs, and group dynamics.
- Managed a 20-person team, improving communication workflows and day-to-day operations in fast-paced, high-responsibility environments.
- Planned large-scale schedules and activities, adjusting programming in real time based on participant feedback and observed engagement patterns.
- Fundraised \$130,000+ by analyzing which outreach strategies drove the highest engagement and donations.
- Served as a key communication link between families, volunteers, and partner organizations to ensure alignment and a positive user experience.

Relevant Coursework

Consumer Behavior in a Digital World

- Analyzed how users interact with digital platforms, with a focus on motivation, attention, online decision-making, and audience segmentation.
- Completed projects mapping user journeys and identifying friction points in digital experiences.

Data Communication & Splicing

- Developed skills in cleaning, interpreting, and transforming data for clear communication.
- Built reports that translated complex datasets into actionable insights using visual storytelling and audience-focused framing

Education

09/2023 - 09/2025

University of California, Santa Barbara — *B.A. Communications, Minor Spanish, GPA: 3.7*

Awards

UCSB Senior Individual Co-Curricular Award - Student Engagement & Leadership, UCSB
Recognized for outstanding leadership and contributions to campus community life.
